

Remarks

Claims 23-44 are in the application. Claims 23, 31, and 35 are in independent form. Reconsideration is requested.

Applicant has amended the application as suggested by the Examiner in a November 28, 2008 telephone conference. In addition, applicant has amended claim 31 to change "include" to "including" to correct a typographical error. Applicant believes the application is in condition for allowance and respectfully requests the same.
